

FOR IMMEDIATE RELEASE

Village Green Taking Over Management of Dearborn Apartment Property

DETROIT, MI, October 14, 2015 – Village Green, one of the nation’s oldest and largest luxury apartment companies, recently announced it has been selected to manage Fairlane Town Center Apartments. The 200-unit apartment community is located in Dearborn.

Village Green now manages 44 apartment communities in Michigan and more than 140 properties in 22 cities throughout the Midwest, Mid-Atlantic, Southwest and East Coast.

“Adding another Detroit-area apartment property to our portfolio is very meaningful to us. This is our home and we are happy to live and work in the community. We look forward to bringing this property a new level of professional management and award-winning resident satisfaction,” said Diane Batayeh, President and COO of Village Green.

Some of the features of the gated community include a swimming pool with sundeck, 24-hour fitness studio, a clubhouse and a business center. The community offers multiple floor plans and designer finishes – each with a gourmet kitchen.

“The change of property management to Village Green has been a smooth transition for us. We have already seen some of the benefits that Village Green brings to properties and everyone is excited about the planned renovations,” said Shelby Pietruck, Fairlane Town Center property manager.

The clubhouse will be renovated to offer a business center and complimentary WiFi. Each apartment’s kitchen will be renovated receiving new granite counters, stainless steel appliances and glass back-splashes.
